Our Context

St Mary's College is a Catholic community for the education of boys from Years 5-12. It is the only College of this type in Queensland, west of the Brisbane Metropolitan area and north to Yeppoon. The College was established in 1899 as a Christian Brothers' school to educate boys. The Christian Brothers are a religious order founded in Waterford in Ireland in 1802 by Edmund Rice to educate boys as a response to social inequity. Edmund continues to call us to challenge the values of our world and make them more God-centered. Aware of God's all abiding presence in the 'everyday', we respond to this awareness in right relationships of justice, presence, compassion and liberation. This sacramental consciousness leads us to prayer and liturgy celebrating the whole of life. St Mary's College has a rich history and tradition and a loyal Old Boys network, many of whom have made significant and worthy contributions to society. The Christian Brothers administered the College for 97 years and it is upon their shoulders that we stand proudly today.

Today St Mary's College is a Catholic school administered by the Catholic Diocese of Toowoomba in the tradition of Edmund Rice. Our overall goal is to provide the boys the opportunity to achieve excellence in all areas of their holistic education: spiritual, academic, physical, social and emotional education from Years 5-12. At St Mary's College, we focus on and are specialists in boys' education, providing various relevant and modern learning experiences and extra-curricular opportunities.

Our Vision

To strive for excellence, so as to reach one's full potential, making a difference to our world.

Our Mission

To provide a quality holistic Catholic education in the Edmund Rice tradition, empowering our students to be men of faith, integrity, action and excellence.

Our Values

As stated in the *Charter of Catholic Schools in the Edmund Rice Tradition* our values are grounded in the Gospel stories of Jesus. We strive for:

Spirituality (A Gospel Spirituality)

Our community endeavours to foster in each member, the Gospel values and traditions that underpin the College heritage.

Community (An Inclusive Community)

Our community embraces diversity, through a welcoming spirit and mutual support for all, ensuring the realization of each person's potential.

Justice and Solidarity

Our community seeks to support the marginalized by providing practical assistance through Christian service and social justice initiatives that build and promote dignity, compassion, respect and right relationships.

Excellence (A Liberating Education)

Our community strives for excellence in holistic education aiming to achieve the College motto *Conanti Corona* – “the one who strives will win the crown” by nurturing and developing students academically, physically, socially, emotionally and spiritually to ensure the realization of each member's potential.

Our Philosophy

As an educational community, St Mary's fosters Christian living in the Catholic tradition. The community is committed to grow a welcoming spirit through which all community members are encouraged and challenged to develop as children of God. We are people of prayer. We often express to God and to others our thankfulness for their goodness to us. We believe that God loves us, each one of us without exception. This is the basis of our relationship with ourselves, others and God. It is also the basis for our educational endeavors, which develop all aspects of our being.

The College reaches out to students from diverse backgrounds. Proud of our heritage, we reach out to all, especially those who need us most, keeping alive the spirit of Blessed Edmund Rice. Our education recognizes the worth, the individuality and the unique needs of each person and responds positively to these. Through the experience of community, where social justice is fundamental, all are challenged academically, physically, socially, emotionally and spiritually. In an environment where the giftedness of everyone is recognized and achievement is valued, the aim for each boy is to ‘live life to the full’ (John 10:10) with Christ. We are called to excellence in all we do and to live out the College motto *Conanti Corona* - “the one who strives will win the crown.” This means that our aim is to encourage our boys to strive for excellence, to achieve their potential and ultimately their crown. The College values the boys giving their best effort, sportsmanship above winning, and service, rather than personal gratification.

We aim to form character in a compassionate, respectful, accepting and happy environment. Aware of our own worth and dignity, we hope to deepen our awareness of God's unchangeable love for us,

which accepts us as we are and forgives our weaknesses, challenging us to grow further. Inspired by this love, we strive to develop relationships through a celebration of our lives together and a commitment to reconciliation.

The Holy Spirit is ever present, guiding, leading, encouraging, challenging and empowering us. Staff members share this task as they assist students to learn and learn with them. Our teachings are based on our understanding of the learning needs of boys, a search for quality in content, method and procedures, and always open to improvement and seeking what is best for the students.

Future Outlook - Our Strategic Focus

1. Uses its collaboratively developed Mission Statement and Philosophy to guide College activities. These Statements encompass the Edmund Rice charism, St Mary's College history and tradition and the diocesan vision and mission.
2. Operates within a boys' education framework where all programs and practices are audited with a view to continual improvement.
3. Emphasizes excellence, through the realization of potential and contribution to community, now and in the future.
4. Supports the College community proactively to embrace growth and continual improvement.
5. Empowers staff to engage with, embrace and undertake St Mary's College future directions.

Distinctive Curriculum Offerings

St Mary's College offers a broad curriculum which can be tailored to meeting the needs of each boy's education so they can successfully take their place in a modern society. The senior school curriculum offers a wide range of subjects that allow for students on completion of Year 12 to continue study at university or to continue vocational studies.

In 2016, Year 7 and 8 students studied core subjects (English, Maths, Science, Humanities and Religious Education). Elective units in Year 7 and 8 included Wood Metal Technology, Food Technology, Graphics, Art, Music, Drama, Japanese and Information Technology.

In Years 9 and 10 students studied a wide variety of semester units within the same learning areas as those offered in Year 8, as well as offering further specialization in the areas of Information Communication Technology and Health and Physical Education.

In the Primary school, students studied subjects from all key learning areas. In addition to their class-based subjects, students accessed the specialized areas of the Secondary school in the areas of Science, Wood Technology, Japanese, Art, Drama and Music. All students in Year 5 and 6 also participate in the Junior Band program where every student is offered instrumental tuition.

In addition, the College offers specialized programs including:

- Guided Reading
- Individualized Learning Plans through the HUB Learning Enrichment Centre
- Curriculum Modification Programs through classroom teachers, CLs and Learning Enrichment
- Learning Support programs
- EALD (English as a Second Language) unit
- Personal Development Unit in Year 9
- Careers Education
- QCS and NAPLAN Preparation Programs

Extra -Curricular Activities

Academic Excellence

Students are encouraged and challenged to undertake a range of activities that provide them with extension and encourage them to *strive for the crown*.

- Tuition is provided by all departments giving individual and Group tutoring, by appointment, to primary/secondary students in the library and English holds tutoring every Monday morning.
- Targeted Extension classes for Gifted and Talented Students
- Public Speaking Competitions; Chess Competitions
- ICAS Competitions
- Science and Engineering Competitions

Spirituality and Service

Student leadership is encouraged and developed across all year levels with opportunities for students to be part of the SRC, school and House assemblies.

Students from all year levels also engage in supporting community projects which helps them to develop a sense of responsibility for those less fortunate than themselves. Our Service Groups are embraced by students in Years 10 – 12 which help our students understand and value the concept of support for our community. St Mary's College has a vibrant Service Group program. The aim of these programs is to offer opportunities for as many boys to partake in service activities as possible and live a life of service.

These programs include:

- Papua New Guinea Immersion
- ROSIES volunteer program
- House nursing home visits
- ERA for Change
- Just Leadership

Sporting Opportunities

Boys at St Mary's College are provided with numerous opportunities to participate in a wide range of sporting activities and competitions. The College has a vibrant sporting presence with boys excelling in sports including Rugby League, Soccer, Basketball, Touch, Athletics and Swimming. Boys participate in both the local Toowoomba competition, the Brisbane/South East Queensland competitions and in state-wide competitions. Many students are members of representative sides for the Darling Downs Region and many staff coaches of Darling Downs teams. Students are also provided with the opportunity to participate in House Competitions in athletics, swimming and cross-country. The College offers specialized streams of Athletic Development and Rugby League within the Physical Education Learning Area.

Some of the competitions and sporting opportunities St Mary's College participates in include:

- Bill Turner Cup U/15 soccer
- UHL Sport Cup in Open Soccer and ISSA Cup in Under 14 Soccer

Social Climate

The welcoming, inclusive and nurturing nature of St Mary’s College is a definitive feature of this community. Our commitment to such a social climate is reflected in our Vision and Mission Statement. The following social and pastoral programs are in operation:

- House Pastoral System
- Mentor System
- The Responsible Thinking Process and Responsible Thinking Classroom
- Student Protection
- Guidance Counselling
- Career Counselling
- Year level camps and activities
- Social interactions with girls’ schools.

Our four Houses are the foundation for our pastoral system. Waterford, Purcell, Bowdler and McGoldrick Houses have all developed their own identity and spirit. Each of our four Houses comprises approximately 160 students from Year 5 to Year 12. Belonging to a House provides all staff, students and their families with the opportunity to form positive and lasting relationships with students across all year levels.

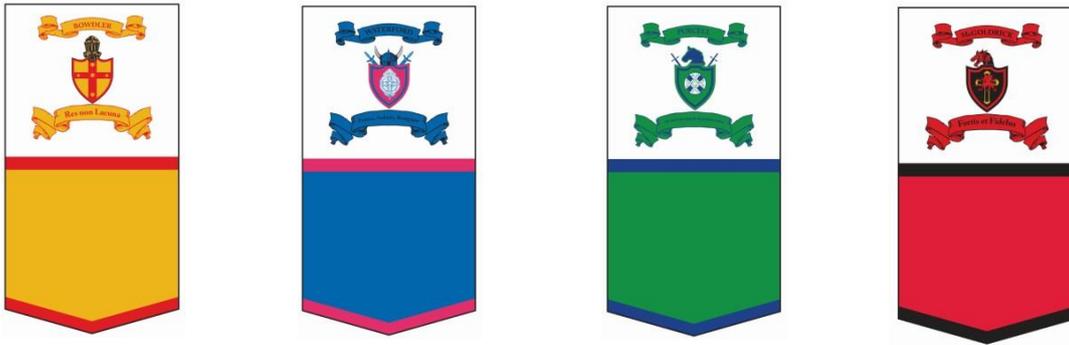

Together with this familiarity and continuity, the House system is meant to make possible greater participation by the boys’ in House and inter-House activities. Being active, contributing, cooperating - all can build in boys a growing sense of belonging and ownership. Likewise, the necessity for leadership, increasing as it does as the boys move into higher year groups, should result in more boys assuming ever widening responsibilities and practicing that leadership.

House Activities

Under the direction of the Heads of House and mentor teachers, students are encouraged to become involved in all aspects of College life. Belonging to a House now provides many avenues for students to interact on a social level to support each other, to learn from each other's strengths and weaknesses, to develop leadership skills and to actively serve the College and wider community.

Organized activities range from House liturgies and prayer, House assemblies, challenges, barbeques and break-up events; all of which aim to support a sense of belonging and brotherhood.

Mentor Groups

Mentor groups are at the heart of our pastoral system. To ensure students' individual needs are met, each House is divided into mentor groups comprising of approximately 20 students. Students remain in the same group with their mentor teacher throughout their schooling at St Mary's, offering continued support and guidance throughout their journey. The relationships within each group are unique yet all groups exemplify a familiar quality where our older students also mentor the younger boys in their group.

Anti-Bullying Policy

In response to bullying issues, the school community supports the school policy on bullying. This policy is found on the school's website. Incidents of bullying are addressed through the behaviour management policy and procedure. Student to Student Bullying – Process is conducted only by members of College Leadership Team (CLT), Head of House (HOH) or Counsellor. Paperwork is kept centrally in the Assistant Principal – Student Welfare office and HOH is made aware at every stage.

At any stage students can have a support person.

Process –

1. *Complainant approaches member of CLT, HOH or Counsellor*
2. *Discuss Bullying, Concern form completed*
3. *Investigation by CLT, HOH/ Counsellor*
4. *Interview by CLT, HOH/ Counsellor*

Option 1 – Available for complainant

A) no further action – misunderstanding

B) no further action – instructed to (note: 'Warn' bully)

C) Face to Face interview – alleged and complainant – warning official

D) Face to Face interview – formal complaint

Description of How Non-Attendance is managed by the School

At St Mary's College, mentor teachers mark rolls at the beginning of the school day (8.30am). Students who are identified as being away are marked absent and the College contacts each family to notify them that their son is not at school. During the school day, individual teachers mark rolls lesson by lesson. Mentor teachers also follow up with students for notes explaining absences. Students at risk are identified by mentor teachers and Heads of House (Pastoral position) are notified. The Heads of House and Assistant Principal - Student Welfare and College Counsellor work with students and families. Continual absenteeism is addressed by the Principal of the College. A letter is sent to the student and family requesting an interview and show cause for continued enrolment.

School Renewal and Improvement

School Renewal and Improvement is an on-going process of self-evaluation measured against a commonly agreed set of criteria known as the Excellence in Catholic Education (EiCE) Framework. It informs action planning at the school level to identify areas of strength and areas for improvement. In 2016, all staff identified three areas of student achievement where they were targeting improvement. This included in their own practice and in student achievement. Staff met regularly with the Director of School Improvement to discuss these goals and set targets. The culmination of the improvement goal process was a review with the Director of School Improvement and the Principal, as well as, a celebratory morning tea where staff shared their successes and challenges.

Catholic schools must be good schools with a strong learning orientation and a strong sense of purpose. This process provides an opportunity for each school to reflect on the four domains of Catholic Life and Religious Education, Learning and Teaching, Leadership for School Improvement and Strategic Resourcing. Each of these domains has components (24 in total) which are reviewed on a cyclical basis and plans for improvement developed if necessary in the Annual Action Plan.

Along with all other schools in the Toowoomba Diocese, St Mary's has been undergoing a systematic review and renewal process using the templates and processes in the EiCE Framework. In 2016, the College reviewed the 5 components: Vision and Mission, Professional Learning, School Improvement Culture, Strategic Leadership and Community partnership and ownership. All staff were involved in the reflection process and data were drawn from many sources including: perceptions of staff, parents and students, outcomes data including NAPLAN and QCS and OP data as well as destination data for our students.
